CEO

MESSAGE

Perfect Woods Industrial Company, the owner of Stefano Cusine, is a leading company in manufacturing high-quality wood and aluminum products. We are dedicated to delivering products that are known for their elegance and exceptional quality, thanks to our use of cutting-edge technologies.

Stefano Cusine was founded in the Kingdom of Saudi Arabia, and we take pride in being part of Vision 2030. We are committed to strengthening and developing the local industry by providing high-quality products with modern designs that cater to our customers' needs.

Our vision is to be the prominent choice in manufacturing efficiency, quality, and flexibility. We work efficiently to provide innovative solutions that meet our customers' aspirations and exceed their expectations. We are committed to achieving this vision through continuous innovation, process development, and enhancing our manufacturing capabilities.

We believe in the importance of strong partnerships and sustainable relationships. Therefore, we work closely with our local and global suppliers to ensure the availability of high-quality and sustainable materials.

We support 2030 vision of the Kingdom of Saudi Arabia by localizing industries, contributing to the advancement of the real estate sector, and providing products that contribute to raising the quality of life.

Sincerely,
Dr. Yasser Ahmed Albrahim
Founder and CEO

Company

OVERVIEW

Perfect Woods Industrial Company, the owner of Stefano Cuisine, is a distinguished manufacturer of high-quality wood and aluminum products in the Al-Ahsa region of Saudi Arabia. The company boasts extensive expertise in manufacturing and design, granting it the opportunity to be one of the leading companies in the wooden and aluminum furnishings industry.

Stefano Cuisine's products are known for their high quality and modern designs. We use the latest technologies and premium materials to deliver products that meet our customers' needs while exuding elegance and durability. The company offers a wide range of premium and practical products.

VISION

To be the vivid choice for wood and aluminum products in manufacturing efficiency, quality, and flexibility.

MISSION

To construct wood and aluminum products with exceptional quality, modern designs, and high efficiency.

VALUES

Quality - Reliability - Efficiency
Safety

Safety

We are committed to applying the highest safety standards in operations, from sales to final delivery and after-sales services.

Efficiency

We are dedicated to delivering efficient solutions that save time and resources.

Quality

We source essential materials and accessories from globally reputed manufacturers, ensuring that our products meet international quality and development standards.

Reliability

We take pride in consistently delivering on our promises, whether it's the precision of our measurements or the punctuality of our deliveries.

Research and Development

The world of wooden and aluminum products is experiencing rapid evolution. We aim to keep pace with this progress and produce the latest products for an advanced user experience.

Customer

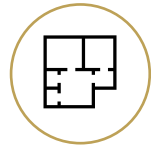

JOURNEY

We're here to provide you with a seamless experience on your design and execution journey.

Measurement

We start by taking precise measurements of your space, ensuring that every detail is considered in the design process.

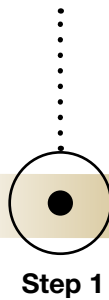

Product Design

Our team utilizes the latest software and technologies to design your desired product. The balance of technology and craftsmanship ensures that your creations are truly exceptional.

Manufacturing

After approval of the sample, high-quality and professional manufacturing begins. We use premium materials and advanced techniques to ensure you receive the perfect end product.

Finding the Perfect Solution

We undertake a journey to find the ideal solution for your space. Our team works closely with you to transform your vision into reality.

Product Sample

We provide a sample of the product specifically designed for you, allowing you to evaluate quality, appearance, and texture before manufacturing.

ISO CERTIFICATES

Combining Efficiency, Precision, and Quality

ISO 9001 and **ISO 45001** certifications are significant achievements that reinforce our commitment to quality and safety at Stefano Cusine. These certifications reflect our dedication to achieving the highest standards of quality and excellence in all aspects of our business.

ISO 9001

It is a certification that recognizes the quality management system adopted by the organization. This certification aims to ensure that our products and services meet customer expectations and align with international quality standards. By achieving this certification, we work towards improving internal processes and enhancing customer satisfaction.

ISO 45001

It is a certification that acknowledges the occupational health and safety management system followed by the organization. This certification aims to ensure that we work in safe and healthy ways to protect our employees and the surrounding community. By achieving this certification, we strive to improve the work environment and provide a safe and healthy atmosphere for our team.

Stefano Cusine has obtained these certifications through rigorous auditing and periodic examination of our systems and operations. We are committed to complying with the requirements of these certifications and continuously improving our performance to meet customer expectations and international standards.

With these certifications, we affirm our steadfast commitment to achieving **quality and safety** in all aspects of our work. We consider these certifications as tools that contribute to building trust among our customers and partners, enhancing our position as a trusted company committed to delivering high-quality products and services.
